ALEXANDROUPOLIS / /20  
THE APPLICANT

**NOTE:**

According to the REGULATION ON TEMPORARY STORAGE OF DANGEROUS GOODS AT THE PORT FACILITY “COMMERCIAL PORT OF ALEXANDROUPOLIS”, the temporary storage of any dangerous good for sea transport is approved only following the Decision of the authorized bodies of Alexandroupolis Port Authority S.A. In no case is the temporary deposition of the following dangerous goods allowed:

- Explosive materials and goods (class 1)
- Radioactive materials (class 7)
- Infectious substances (class 6.2)
- Flammable solids (class 4.1)
- Organic peroxides (class 5.2)

The above loads are allowed to be loaded and unloaded to/from the vessel on the same day and immediately, without being stored, even temporarily, at the Port Facility.
